

CxO EXCHANGE

EXECUTIVE LEADERSHIP AND DIGITAL TRANSFORMATION

Digital transformation in the 21st century impacts the entirety of the academic enterprise. In pursuit of excellence in enterprise technology that supports the complete ecosystem of the institution, the CxO Exchange is open to all C-level (Cabinet) executives.

CxO Exchange provides:

- ▶ Social and professional interactions
- ▶ Views and discussions of emerging technologies including two, annual summits:
 - ▶ Winter Summit (to be held in conjunction with EdgeCon in January)
 - ▶ Summer Summit (to be held in July)
- ▶ Case studies of successful digital transformations
- ▶ Powerful examples of how institutional digital transformation can positively impact institutional outcomes

Executive leadership will be informed by industry thought leaders through professional development activities, panels, discussions, and informational presentations. The roles of Chief Information Officers, Chief Innovation Officers, and Chief Digital Officers are highlighted as strategic partners with other C-level executives in bringing about achievement of institutional mission and vision in research and education through successful technology implementations.
