EdgeLearn delivers a well rounded suite of tools for edtech communication, collaboration, and digital media management. By partnering with Zoom, a Leader in Gartner's Magic Quadrant for Meeting Solutions, we're able to offer our members best-in-class collaboration technology at a 10% discount in addition to Zoom's already competitive education pricing. Over 6,500 educational institutions, including 88% of top US universities, use Zoom for virtual classrooms, online courses, group projects, teaching assistant hours, and more.

Zoom allows your school to expand its impact across geographies to reach more students and offer new learning opportunities by including guest lecturers from literally anywhere. It also makes collaborating with other educators and administrators easy.

PREMIUM FEATURES FOR ENHANCED COLLABORATION

Video Webinars: Registration, reporting, Q&A, polling and more for up to 10,000 attendees, or broadcast on Facebook Live or YouTube to unlimited attendees

Zoom Rooms: Simplify classroom set up for video conferencing. Works on Mac, PC, and interactive touchscreen displays

H.323/SIP Connector: Interoperability to extend your H.323/SIP systems to the cloud

Zoom Meeting Connector: Hybrid cloud service to run meetings on-premise

Premium Audio: Zoom includes VoIP and global dial-in. Add integrated global toll-free telephone calling or use your own 3rd party audio provider

STANDARD FEATURES

Screen Sharing: One-click HD screen sharing - even share video and audio with ease!

Polling: Engage your students with quick polls, giving everyone a chance to participate

Co-Annotation: Draw directly on the shared screen so that notations are visible to all attendees

Multi-Sharing: Allows multiple participants to share their screen at the same time

Recording of Meetings / Class Sessions: Save your session for students to watch later

Closed Captioning: Ensure all guests can participate equally

Security: Complete end-to-end 256-bit AES encryption

Group Messaging: Send text and voice messages, files, or images with class groups or individuals

Dashboard / Management Tools: View information ranging from overall usage to live in-meeting data

HD Video and Audio Conferencing: Up to 100 people can participate in your standard meeting (large meetings scale to 500 participants)

LTI (Learning Tools Interoperability): Schedule meetings from Moodle, Canvas, Desire2Learn, or Blackboard

Video Breakout Rooms: Create smaller teams to collaborate and learn from one another, all within the same meeting or training session

REST API: Incorporate meetings into LMS, web applications, and websites

Any Device: Mac, PC, Chromebooks, iOS, Android, and BlackBerry

Easy User Management and Single Sign-on: Use your .edu URL for SSO. Create SSO with SAML or OAuth

Zoom Rooms is Zoom's software-based video conference room system. It features HD video and audio conferencing, wireless content sharing, and integrated calendars. It runs on off-the-shelf hardware for maximum flexibility and affordability. It is the perfect solution for classrooms, as well as conference, huddle, and training rooms, and even private offices. Zoom Rooms enhance any space where people are sharing information and learning from each other.

Zoom Rooms can completely replace complex, difficult, and costly systems, including projectors, H.323 and SIP legacy hardware conference room systems, and document sharing tools.

HOW CAN MY COLLEGE OR UNIVERSITY USE ZOOM ROOMS?

Zoom Rooms are easy to deploy, scale, use and manage across your college or university. Typical use cases include:

Zoom Room Classrooms

▸ Synchronous classroom experiences: Local professors and students with remote students joining with rich video, audio, and collaboration opportunities

▸ Asynchronous learning: Record Zoom Rooms classroom lectures, upload to Learning Management Systems (LMS) for playback

▸ One professor teaching to multiple sites via offsite Zoom Rooms classrooms or hardware-based conferencing systems in classrooms - reduce facilities, travel, and staffing costs

▸ Address teacher shortages with dual credit courses

▸ Bring virtual guest lectures into classrooms

The Business of Higher Education

▸ Outfit your conference rooms and executive offices for administrative meetings and inter-campus or inter-department collaboration

▸ Professional development training on Zoom Video Webinars on Zoom Rooms, desktop, and mobile

Student Services

▸ Admissions, advising, tutoring and career services run on Zoom and Zoom Rooms
